Whether your child is pulling on a pink rashie for the very first time or lining up for their Surf Rescue Certificate, the season ahead is about the same things it has always been about: having fun in the surf, learning to read the beach, building surf sports skills, and growing the next generation of surf lifesavers.

Everything you need to get set for the season is in this pack — key dates, age groups, registration, fees, water skills evaluations, training and how to get involved. Please take a few minutes to read it through, and keep it handy as the season gets going.

APPAREL

All Nippers must wear their Nipper Age Group Coloured Cap during regular Nipper sessions on Sunday. The Coloured Age Cap and Hi-Vis Pink Rashie are **mandatory for safety purposes**, if your child requires a new rashie or cap these will be available for purchase at the first Nipper session of the season.

We also have other Club Apparel items for purchase from time-to-time throughout the season. Please refer to the season calendar for dates when Apparel will be available for purchase. All Nippers who are competing in outside carnivals are required to wear North Cronulla competition caps (blue & gold) and either North Cronulla swimwear or similar dark navy coloured swimwear.

NORTH CRONULLA SURF LIFE SAVING CLUBHOUSE AND BEACH

The complete redevelopment of the North Cronulla SLSC clubhouse is underway, with the NCSLSC Board of Directors working closely with the Sutherland Shire Council to deliver a brand-new clubhouse facility. You can keep up to date with the progress of the clubhouse redevelopment on the NCSLSC website: www.northcronullaslsc.com.au/surf-club-redevelopment, and on the Sutherland Shire Council website: <https://www.sutherlandshire.nsw.gov.au/your-council/projects-in-your-area/featured-projects/NCSLSC-Redevelopment>

Whilst the clubhouse demolition and building works are ongoing, we will continue to muster on the beach next to the Lifeguard Tower prior to the start of our Sunday Nippers sessions. Surf and beach conditions can change rapidly due to the forces of nature, and we will be sure to communicate as soon as possible any changes to the Nipper schedule or location if conditions require it.

During the summer season, North Cronulla beachfront can become rather busy, so please factor in extra time required to find parking spaces on Sundays prior to Nippers.

(Tip: get down to the beach nice and early for a pre-nippers swim and coffee, then lend a hand with the beach setup...finding a car spot is much easier at this time of the morning 😊)

A lot of the car spaces around North Cronulla are timed spots (usually 2 or 3hr limits), so please check signage when parking.

SETUP, PACK UP & BBQ DUTIES

Each Age Group from U8 – U14s is assigned **SETUP and PACK UP and BBQ duties twice** throughout the season.

Your age group's assigned date for setup, pack up and BBQ duties is noted on the Season Calendar, and on the Duty Roster & Instructions published on the **NCSLSC Nippers webpage:**

www.northcronullaslsc.com.au/nippers/how-to-join.

NORTH CRONULLA SLSC JUNIOR ACTIVITIES (NIPPERS) SEASON 2026-27 WELCOME & INFORMATION PACK

All parents from the Age Group are expected to pitch in and help with the setup, pack up and BBQ duties when it is your group's turn...many hands make light work is always true. Your Squad Leader and the Beach Setup Coordinator will always be on hand to help direct what needs to be done in setting up and packing down the beach each week.

NIPPER ACTIVITIES

Activities conducted in open water (surf beaches) are an inherent part of Nippers for developing skills on the way to becoming a Surf Lifesaver. It is important to keep in mind that Nippers is not a 'learn-to-swim' activity. An age-appropriate level of water competence and confidence will help your child get the most out of Nippers. North Cronulla SLSC applies Water Skills Evaluation requirements that are in addition to the Surf Life Saving NSW (SLS NSW) minimum requirements. The evaluation is an essential part of managing appropriate supervision and safety for open water activities.

The Water Skills Evaluation has two levels; the first being Preliminary Skills Evaluation, which is a compulsory assessment for every Nipper to baseline their individual confidence and competence across a range of activities in the water. A Nipper may be unable to participate in some water activities until all elements of the Preliminary Evaluation have been successfully completed.

The second Water Skills Evaluation level is Competition Evaluation; successful completion of the Competition Evaluation is an SLS NSW requirement for entry in Nipper carnival competitions.

Details of the Preliminary Skills Evaluation and Competition Evaluation requirements for North Cronulla SLSC Nippers are outlined below:

Preliminary Skills Evaluations

Preliminary Skills Evaluation will be conducted in a swimming pool or other enclosed water environment (goggles may be worn). The swimming component of the Evaluation must be completed with continuous swimming within the allotted time.

Preliminary Skills Evaluations for **U8-U13** will take place at Carlile Swimming Caringbah (TBC) on the following dates:

- **Saturday, 19th September, 12:15PM**
- **Saturday, 26th September, 12:15PM**

TBC - Carlile Swimming Caringbah:

13 Endeavour Road, Caringbah NSW 2229 (enter corner of Captain Cook Dr and Gannons Rd)

Age Managers will use this evaluation to assist the assessment of individual confidence and competence for water activity safety requirements. Nippers are encouraged to wear goggles, and wetsuits are permitted, and a high-vis Nippers rashie must always be worn during water activities.

Competition Skills Evaluations

Competition Evaluation is an SLS NSW requirement to qualify for carnival entry, as per the table below. Nippers may wear goggles, and wetsuits are permitted during the evaluations; but note that in competition wetsuits are only allowed if water temperature is below 16 degrees.

GETTING INVOLVED WITH YOUR CLUB AND NIPPERS

North Cronulla Nippers is a volunteer community-led activity that cannot exist without everyone being involved and helping out. Here are some of the opportunities we have that will assist us in providing your children a rewarding and enjoyable Nipper experience:

Water Safety: is an important way to get involved. Our awesome Water Safety Personnel in the Orange Rashies are there to ensure our Nippers' safety and wellbeing when in the water. The Water Safety crew are also key in giving our children confidence whilst training and competing. If you are interested in volunteering for water safety, please email the **club office:** admin@ncslsc.com.au for further information including how to obtain the required SLS Bronze Medallion or Surf Rescue Certificate (SRC).

IRB: If you already have your Bronze Medallion, please consider signing up to become an IRB crew, or even a driver! A fully crewed IRB is a requirement to run Nippers each weekend, and without IRB crew and drivers in the Nipper section we will not be able to function. Please email the **club office:** admin@ncslsc.com.au for more details on how you can join the IRB crew.

Carnival Officiating: Officiating is a great opportunity to be up close to all the action at carnivals. If you would like to become an official, please contact our Officials Coordinator **Donna Hargreaves:** dhargreaves@ncslsc.com.au for further information.

Squad Leaders/Parent Helper: We are always in need of parents to become Squad Leaders and assist in managing our individual Nipper Age Groups. We have senior Nipper Squad Leaders and experienced Nipper Committee members that will guide and mentor you to become a great squad leader or parent helper. It is a highly rewarding experience and one we suggest you strongly consider.

Please note, if you want to be involved as a parent with the kids on the beach you will need to enrol and complete the Age Managers online course on the SLS Hub, which is simple and easy to do:
