Patrols 2014-2015

The Lifesaving Team are currently finalising the Patrol Teams for the 2014-2015 season. In order to be placed in a patrol you need to be financial and have completed and submitted all relevant paperwork.

Some patrol teams are already full—so to increase your chances of patrolling with friends on a roster of your choice you need to join the club!

Bar Staff Required

We are in desperate need of volunteer bar staff!

Over the summer season we open our club bar on a Friday evening and then again on Sunday afternoon. The bar is a major source of revenue for the club and we rely on volunteers to staff the bar.

You will require an RSA—more RSA training courses are currently being planned to please consider volunteering.

IRB Training Courses

The IRB is an essential and compulsory requirement of patrol as with the IRB driver and crew. Under SLS regulations we must have an IRB driver and crew member on every patrol. In addition the IRB is required for water safety at carnivals and over the winter months it is another avenue for competition.

If you are interested in training to become part of this valuable team contact the IRB Captain Joel Eaton 0402 334 873 or Joel.Eaton5@det.nsw.edu.au to register.

Crew course requires Bronze medallion and you must be over 15. Crew course will start mid September and run for 2-4 weeks. A drivers course will then follow for members over 17 with their bronze.

Competition—World Titles 2016 & High Performance nominations

The next World Surf Life Saving Championships will be held in the Netherlands in 2016. Preliminary planning is already underway and as such we are seeking expressions of interest from members who are interested in attending. Please contact Competition Director Peter Moyle if you are interested competition@northcronullasurfclub.com

Nominations for various NSW High Performance and Training teams are closing shortly (some this Sunday 24/8/14)
