Issue 19 2017

16 February 2017

woohoo!

Huge congratulations to everyone who competed at Branch last week - with a few changes made to due to the extreme heat & huge surf for some there was a lot of waiting around. North Cronulla were there in force and all proudly represented our club with their attitude and performances - well done everyone.

Congratulations to the following Nippers who have qualified for the Age NSW State Titles:

Under 11 Male	Toby Byron	Under 14 Female	Tiahna Woodger
Under 11 Female	Bella Fleming		Sophie Crawford
Under 13 Female	Tahlia Roja		Georgia O'Donnell
Under 14 Male	Mitchell O'Loughlin

STATE TITLES important training info

With just over 3 weeks until the NSW State Nipper titles we will be holding additional "state team competitors" training and racing.

WATER COMPETITORS

Board & Swim

Starting this Friday (17.2.17) from 4.30pm at North Cronulla we will be holding race training for both board and swim. Race training means we will be racing as age groups, boys and girls combined. As our selection process continues leading into the titles we intend to use the races if required to finalise any team selections where kids are evenly matched on points and or ability. We also require this to assist in Cameron teams (U11-U14 only) selections where for State Titles these are mixed gender
We will be looking at holding a similar session after nippers this Sunday too.

If for any reason your child is unable to attend either of these sessions and would like to be eligible for the team events **please send a text message** to Brook Fleming 0408 750 742.

BEACH TRAINING

Starting this Friday (17.2.17) from 5pm at North Cronulla with Damian Bulian - run offs may be required for some age groups for team selection purposes. We will also be looking for those interested in the run legs for the Cameron relays, these races are started in waist deep water and finish in a 50m beach run.

We will be looking at holding a similar session after nippers this Sunday too.

If for any reason your child is unable to attend either of these sessions and would like to be eligible for the team events **please send a text message** to Damien 0414 535 519.

The value of having a financial adviser ...

Having an appropriate financial plan in place covers more than just super, investments and insurance. The same goes for a financial adviser – there are some you will just click with. Here we provide some ideas on finding one that you feel comfortable with, who can help you improve your financial future.

KEEP ON TRACK...

Over the long term, investment markets will always fluctuate.

This can be difficult for some people, as they worry about whether they will have enough money for travel, renovating the family home or retirement.

A concern may be whether they need to make adjustments to their lifestyle.

Having an experienced financial adviser to help you structure your super and investment portfolio, based on your individual age and risk tolerance, will help you ride out any ups and downs.

Working with a financial adviser you feel comfortable with and regularly checking in with them means they can make ongoing recommendations and changes to your plan.

Of course, if you do get worried about something, having an adviser to remind you about your long term financial goals will help you see that short-term volatility is just part of your long term financial journey.

STAY PROTECTED...

While you may already have some form of insurance in place, either through your employer or super fund, do you really know how much you have and what it covers?

Is it sufficient?

What would be the financial impact if you were unable to work for extended period due to illness or injury?

Reviewing insurance is one of those things that many people simply don't have time for, and so the risks get larger and larger, the longer they leave it.

An experienced financial adviser will not only be able to explain exactly what you are covered for, they will also be able to identify any gaps and recommend any changes, so you and your family's future is protected and you can rest easy.

REALISE YOUR POTENTIAL...

Managing your finances is about more than just super, investments and insurance.

To help you reach your full financial potential, an experienced financial adviser can discuss a wide range of financial topics – even if it is just for your own interest!

While there's no doubt that super, investments and insurance are important when building your wealth, so too is managing your cashflow, budgeting, tax planning, transitioning to retirement, aged care and estate planning.

Getting some advice on your whole financial situation can go a long way to helping you make the most of what you have, whatever your age or income.

YOU ARE IN SAFE HANDS...

Taking the time to find an experienced financial adviser who makes you feel comfortable, one that you can work with over the long term, can provide you with peace of mind when it comes to your financial future.

Research shows that people who received financial advice were up to \$100,000 better off at retirement (depending on their age), so it makes good financial sense to invest in a good adviser.
